technical data

summary

The Splash Lab L-279 is a 25 litre capacity waste bin, which can either be floor standing or wall-mounted.

Stainless steel versions are made from AISI 304 grade stainless steel in either brushed satin or bright polished finish. White versions are made from painted mild steel.

pack contents

1 x L279 Waste Bin

Finishes	CS (Satin) C (Bright polished) W (White)
Weight	2.92kg (6lb 7oz)
Stainless steel grade	304 AISI Stainless steel
Capacity	25 litres (6.6 US gal)
Warranty	1 year limited warranty
Installation requirements	Must be fixed to a firm wall surface, with fixings appropriate to the wall substrate.

pre - installation information

The bin is to be fixed to a firm wall. Fixings are not included for fastening the bin to the wall, as each location is different. Lovair recommend that you consult a fixings specialist for advice on the most appropriate fixing method for your project.

<https://thesplashlab.com/>

how to install

1

Using the fixing guide below, mark the fixing locations on the wall

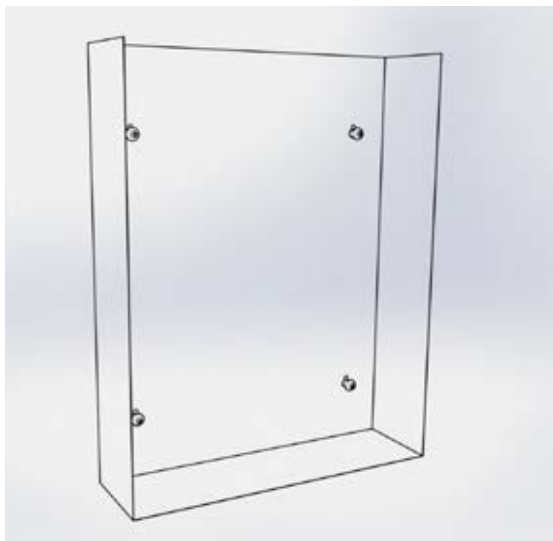

2

Fix screws to the wall (using fixings appropriate to the wall construction), leaving 3-4mm of the screw shank protruding.

3

Align the keyhole slots in the back of the bin with the screws, and press the bin down onto the fixings.

operation + maintenance

maintenance

A bin liner would be inserted into the waste bin, which can be emptied regularly as part of the washroom cleaning routine.

cleaning

Stainless Steel Versions

All grades of stainless steel will stain or discolour if due care and attention is not taken. The surface must be regularly cleaned to ensure a long service life of the bin.

Use a soft cloth or sponge with a mild solution of soapy water as part of the regular washroom janitorial routine. Do not use abrasive or cream cleaners as these will damage the surface finish.

If the bin is subjected to a highly-chlorinated environment eg swimming pools or marine coastal locations, a further treatment, in addition to the regular cleaning as described above, is recommended by the application of a household cleaning product containing silicone.

White Steel Version

Regular cleaning and inspection is necessary to prevent corrosion and ensure a long service life.

Use a soft cloth or sponge with a mild solution of soapy water as part of the regular washroom janitorial routine. Do not use abrasive or cream cleaners as these will damage the surface finish. If the surface finish becomes scratched or chipped, then the exposed metal should be treated with an appropriate proprietary surface finish to prevent any corrosion starting.

Contact TheSpashLab technical team for more detailed stainless steel care guidelines.

Warranty

We believe the future is personal. With a global mindset, we challenge conventional restroom norms via product innovation to create considered washroom solutions for corporate and educational spaces. We use rich raw materials, cutting-edge automation and considered washroom design to powerfully and positively influence the lives of people. We are The Splash Lab.

Demonstrating our commitment to quality and our belief in the strength of our designs, we can offer the following warranties.

The Splash Lab will warrant that its products will be free of manufacturing and material defects during normal use and environmental conditions as detailed below:

L-279 Waste Bin - 1 Year Limited Warranty

If a defect is found in normal use, The Splash Lab will, at their discretion, repair, provide a replacement part or product, or make appropriate adjustments. Damage caused by accident, misuse, or abuse is not covered by this warranty. Improper care and cleaning will void the warranty.

Non-operation of the product due to environmental conditions beyond our control, installation error, incorrect maintenance, water quality, fair wear and tear, incorrect or inappropriate installation, misuse and abuse is not covered by the warranty.

Proof of purchase (original sales receipt) must be provided to The Splash Lab with all warranty claims. The above warranty is valid for goods supplied within the United Kingdom.

For goods supplied outside of the United Kingdom, The Splash Lab will honor the above stated warranty periods for the parts only.

THE SPLASH LAB DISCLAIMS ANY LIABILITY FOR SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES.
